Arthur Chen

Blockchain Developer

Dear Client

My +7 years of collective experience and passion for Web Development and Blockchain technology are what sets me apart from other candidates and makes me an applicant for your vacancy.

I always have a clear focus on delivering results and the best experience possible to a site's user's.

My clients are always happy with the end result of my work and I am confident that I can bring the same level of high standards to your company.

My key skills include, but are not limited to;

-Client Side

- HTML, CSS, JavaScript, JQuery
- React/Vue.js, TypeScript, Next.js/Nuxt.js

-Design

- Material UI/Ant Design/React Bootstrap/Tailwind CSS/Sass
- UI/UX design, Figma, Adobe XD

-Server Side

- NodeJS/ExpressJS, Ruby on Rails, Django/Flask, ASP.NET
- Mongo DB/My SQL/Google Firebase/Postgres/MS SQL Server

-Tools

- Github/GitLab/Bitbucket, Trello, Azure DevOps, AWS Service, GCP
- GraphQL, Apollo, Jest, Nginx, Cloud Services, Web Hosting
- Hardhat, Truffle, Remix, Ganache

-Technology

- Blockchain, NFT, Ethereum, Solana, Crypto Currency, Trading, NFT Marketplace

Projects:

<https://solsapp.com/>
<https://kanon.exchange/>
<https://doubledice.com/>
<https://caladex.io/>
<https://calahex.com/>

My well-rounded expertise and extensive domain knowledge would make me an ideal asset to your team.

Thank you for looking at my profile. To supplement my educational qualification and previous work experiences, I've attached my resume. I will be thankful if given a chance to quantify my capabilities as your next Full Stack and Blockchain Developer.

Sincerely,

Arthur Chen
