Warsaw, Poland

SUMMARY

A P2E & Metaverse, AR/VR Game developer with a strong background in Unity, C#, React, TypeScript, NFT, Web3 and Asp.Net. With 7 years of experience in a broad range of software development projects, keeping a strong focus on productivity and quality.

Looking at software development as a craft, and constantly works on improving my own skills and knowledge. Specialized in high-volume and scalable software utilizing a wide range of tools and eager to absorb new technology challenges.

EXPERIENCE

Metaverse Developer

CokeMeta

12/2022 - 12/2019 Remote

<https://coke.liderkof.com.br/>

- The first metaverse of Coca Cola
- An education system using Unity in metaverse
- Integration Unity frontend with React

P2E Developer

Spooky Hunt

03/2021 - 02/2022 Remote

<https://spookyergotest.netlify.app/>
