Achievements

Skills

My name is Kedir LLuch. I'm a developer.. I studied Computer Science at the University of Havana. I love to play chess, do magic tricks and practice sports in my free time. I'm very competitive. When I was a child I was a swimmer with good results nationally and internationally. After I left swimming I started to practice other sports like weightlifting. I was in high school when I started in the programming contest world. I took my love for programming to university. In college I've always been involved in some competitive environment , I'm up to any challenge. AI, trading, e-commerce and economics, cryptocurrency and blockchain are some of my favorite subjects of study.

Interest

Travels, Computer Science, Competitive Programming, Artificial Intelligence, Machine Learning, Blockchain, Trading, Cryptocurrencies, Chess, Series & Movies
